High-Level Regional Roundtable on Investment Facilitation for Development: How Asian and Pacific Economies Will Benefit

19 May 2022, 9:00am-11:30am CET, 2pm-4:30pm Bangkok, Thailand (GMT+7)

This ‘High-Level Regional Roundtable on Investment Facilitation for Development: How Asian and Pacific Economies Will Benefit’ is co-organized by the International Trade Centre (ITC), United Nations Economic and Social Commission for Asia and the Pacific (ESCAP), Association of Southeast Asian Nations (ASEAN), the German Development Institute/Deutsches Institut für Entwicklungspolitik (DIE), and the World Economic Forum (WEF). The Roundtable is convened in the framework of the Investment Facilitation for Development project, jointly implemented by ITC and DIE. It will take place on 19 May 2022, from 9:00am-11:30am CET, 2pm-4:30pm Bangkok, Thailand (GMT+7).

The event will be conducted in English.

To register for the event and receive the meeting-link details, please register here. Please note that, to avoid any difficulties, only participants who register will receive the password to join the online roundtable.

This high-level event is meant to offer a platform for a strategic exchange on the negotiations on an Investment Facilitation for Development (IFD) Agreement in the World Trade Organisation (WTO), launched in September 2020 after over two years of preparatory discussions. The negotiations bring together over 110 WTO Members at all levels of development, aiming to conclude the text negotiations by the end of 2022.¹ Currently, 24 Members from the Asian and Pacific Economies are participating in the negotiations.

High-level policy makers, government officials, private sector representatives, and eminent academic scholars will participate in the Roundtable, to be updated on the negotiations and to raise awareness on their progress and reflect on how countries may make best use of the IFD Agreement to enhance their business climate, attract higher value-added investment and boost economic growth, digital economy innovations and sustainable development. This reflection process also seeks to help participants to ensure that their countries’ international engagement is in line with their Sustainable Development Goals (SDGs) and their national reform agendas.

This process is particularly important and timely as a working group led by the WTO secretariat and comprised of leading international organisations active in the field is preparing an 'Investment

¹ Participating Members reflect a wide geographic representation – the majority being developing countries (77) including 20 least-developed country (LDC) Members. The current list of participating Members is available here.
Facilitation Self-Assessment Guide' to help WTO Members self-assess their needs and priorities for the effective implementation of the future IFD Agreement and the technical assistance and capacity building needs associated with implementation. Need assessments are expected to begin in the second half of this year.

The Roundtable will provide a brief background on the focus and progress of the IFD Agreement negotiations and explore the benefits and possible challenges of an IFD Agreement for Asian and Pacific economies. The objective of this Roundtable is to facilitate awareness raising, joint learning and capacity building among participants. The Roundtable will be held under the Chatham House Rule to facilitate open and results-oriented discussions.
